HOUSE OF COMMONS

Catering Services at the House of Commons promotes a culture that adheres to the highest ethical standards across all areas of our business. Our commitment to excellence in all we do, combined with a desire to understand and fulfil our guests' requirements translates into our customer experience.

Wherever possible we use British produce in our menus. Our fish comes from sustainable sources.

Some of our menu items contain allergens. There is a small risk that traces of these may be found in other products offered at the House of Commons. We understand the dangers to those with severe allergies so please speak to a member of the team who will endeavour to help you make your choice and accommodate specific dietary requirements.

Our menus are modified with the seasons. Throughout the year additional amendments may take place in line with market fluctuations.

BRITISH CHEESE COURSE £10.00

A celebration of British seasonal, artisan and farm produced cheeses from around the United Kingdom

All of our cheeses are hand selected from small, artisanal and farmhouse producers of fine cheeses from around the country. We change the selection each month with the help of our cheese supplier, to ensure that there is always an interesting selection of cheese types and flavours, including different milk types, cooked and raw cheeses and vegetarian.

Below is just a small example of some of the great British cheeses we serve at the House of Commons

Stilton (Colston Bassett)

This is considered by many as the best Stilton and comes from one of only five dairies authorised to produce PDO qualified Stilton within the three shires of Nottinghamshire, Leicestershire and Derbyshire. It is made with pasteurised cow's milk and is suitable for vegetarians.

Ragstone Goats Cheese

This is a young, medium fat soft cheese produced with unpasteurised Goats milk and traditional rennet. It is produced by Charlie Whitehead of Neal's Yard Creamery in Herefordshire and has a beautiful lemony flavour, with a creamy white rind.

Per Las

Translates in English to blue pearl, and is produced in traditional hundred year old cast iron presses by Carwyn Adams at Caws Cenarth in Wales. It is a creamy blue cheese with a slightly salty flavour, produced from pasteurised cow's milk that is suitable for vegetarians.

Celtic Promise

John and Patrice Savage-Onstwedder moved from Holland to the Teifi Farmhouse in Llandysul, mid Wales in 1982, and started making cheese using unpasteurised cow's milk, to traditional methods with locally sourced milk. The cheese has a washed rind using different cheese cultures and cider, to produce this organic cheese with its pungent aroma.

Isle of Mull Cheddar

This is made from Raw (un-pasteurised) cow's milk with Vegetarian rennet, by Rory Stone, in Tain, Ross shire, Scotland. It is produced traditionally the matured for 3-6 months, to give its excellent flavour with strengthens with aging.

Caboc

This cheese dates from the Viking period and is very buttery, as the Vikings considered butter as a cheese. It is produced with pasteurised cow's milk and vegetarian rennet, then rolled in pin head oats, it is eaten very young in cheese terms at 3-4 weeks old.

Stinking Bishop

This cheese takes its name from the wash of Perry (pear cider) that is made from the Moorcroft pear, which has the nickname of Stinking Bishop. This cheese is very aromatic with a rich powerful flavour and smooth texture. It is made from pasteurised cow's cheese with vegetarian rennet, by Charles Martell and Sons Ltd in Gloucestershire.

Kirkhams Lancashire

Graham Kirkham is the sole remaining producer of traditional creamy Lancashire cheese from Beesley Farm, Goosnargh in Lancashire. It is different to other Lancashire cheeses as it is made with unpasteurised cow's milk, is cloth and butter bound and made from two day of curds, which produces a light texture, with a gentle lactic, buttery flavour.

Wigmore

Is made at Valley Maid Dairy, in Berkshire by Anne and Andy Wigmore. It uses unpasteurised ewe's milk and vegetarian rennet and produce a soft brie style of cheese. It is a washed curd cheese, which reduces the acidity of the cheese and gives it its semi soft texture.

Dorset Blue Vinny

Made by Mike Davies at Woodbridge Farm, in Dorset, who is the last producer of this traditional farmhouse cheese, it is made from unpasteurised milk from his own herd of Friesian cow's, with vegetarian rennet. It has a drier texture than Stilton, with a full flavour, and blue veining, it is however lower in fat than most cheeses as it uses skimmed milk in its production.

Cornish Yarg

This cheese was first made by Mr Gray, who decided to call his cheese after his surname spelt backwards! It is now produced by Lynher Dairies in Truro, Cornwall, and is a mild semi hard cheese wrapped in nettle leaves. It is made with pasteurised cow's milk, and has a young, fresh and creamy flavour.

Miss Muffet

This is a sweet continental style washed curd cheese, with a supple texture and a nutty creamy flavour, and a unique pink/grey natural mould rind. It is ripened for 4-6 weeks, is suitable for vegetarians, and made with pasteurised cow's milk, by Sue Proudfoot at Whalesborough cheeses, in Cornwall.
