URGENT NOTIFICATION PROCESS: HMP NOTTINGHAM

You will be aware of the intention to publish my letter to HMIP and the agreed Action Plan in response to the Urgent Notification process in relation to HMP Nottingham. In advance of the formal publication date of the 14 February 2018, I felt it important you were forwarded embargoed copies of my response, acknowledging the seriousness of the position at HMP Nottingham and the work now being taken forward to address what are important and sensitive matters.

In respect of all future Urgent Notifications, I would like to continue to ensure that the JSC is kept informed and updated in respect of any action being planned. I have asked my officials that the JSC, through your office, is informed at the earliest opportunity when an Urgent Notification is triggered and we will continue to share embargoed copies of any action plans arising with you prior to publication.

Yours ever,

RT HON DAVID GAUKE MP
