4 April 2019

Dear Tom,

Further to the Department's letter of 29 March, I am writing to update you on the Government's progress to transition existing international agreements with third countries as we prepare to leave the EU. (The enclosed list details this progress, all of which will be published on gov.uk shortly).

39 agreements have now completed the scrutiny process under the Constitutional Reform and Governance Act (2010), with the following completing this week:

- Trade and Partnership Agreement with Israel
- Agreement with Switzerland on Citizens' Rights
- Trade agreement with Liechtenstein

As you will know, a free trade agreement with Norway and Iceland and a citizens' rights agreement with the EEA EFTA states for a no deal scenario have recently been signed.

Furthermore, I am pleased to inform you that the agreement with Indonesia on Forest, Law Enforcement, Trade and Governance (FLEGT) has now been signed and will shortly begin the parliamentary scrutiny process.

As explained in previous letters, for those agreements that will not be in place, or will carry a gap in a no deal scenario, work is continuing to mitigate the impacts and Departments will continue to provide as much clarity as possible in the run up to our Exit from the EU.

My department will continue to provide updates on a regular basis. I would, of course, be glad to meet you to discuss any questions you may have on this programme of work.

I will deposit this letter and the attached appendix in the House Library. I am also writing to the Chairs of the European Scrutiny Committee, Foreign Affairs Committee and the Procedure Committee as well as the Chairs of the European Union Committee, the Constitution Committee and the Secondary Legislation Scrutiny Committee in the House of Lords.

It is standard international practice for new Air Services Agreements (ASAs), or amendments to existing ASAs, to be applied administratively via a Memorandum of Understanding (MOU) pending signature and completion of respective domestic legal requirements. This is with the exception of Switzerland, where domestic Swiss requirements mean that the replacement UK-Swiss ASA is being ratified ahead of entry into force.
