Dear Jim

I would be grateful if you could provide the Committee with a memorandum on the effect on transport of the collapse of Carillion. I would like the memorandum to address the following questions:

- Q1 Which road projects Carillion was involved in directly or indirectly?
- Q2 What steps the Highways England is taking to ensure that projects involving Carillion will proceed as planned?
- Q3 On what projects and programmes work has been halted and when it is expected to resume?
- Q4 What options the Highways England has considered for successor arrangements following the collapse of Carillion?
- Q5 What arrangements Highways England has made for ex-Carillion employees working on road projects?
- Q6 What arrangements Highways England has made for payments to contractors and sub-contractors adversely affected by the collapse of Carillion?
- Q7 What estimate Highways England has made of the costs of renegotiating or re-letting existing contracts affected by the collapse of Carillion?

Q8 What arrangements are being made for apprentices affected by the collapse of Carillion? How many apprentices are affected? How many have transferred to another employer?

Should you or your officials have any questions in relation to the above, please feel free to contact the Committee Clerk, Gordon Clarke (020 7219 6242; ClarkeG@parliament.uk).

I look forward to receiving your response shortly.

Yours sincerely
