24<sup>th</sup> July 2017

*Dear Mr Thompson*

Thanks for your letter of 13<sup>th</sup> July and your good wishes. I'm looking forward to working with you in future.

There have recently been reports of problems with the HMRC-run Childcare Service website, through which parents access the Government's Tax-Free Childcare and 30 hours free childcare schemes. There are also reports of customers struggling to access help in solving the problems they encounter.

In preparation for any potential Treasury Committee consideration of this matter, please could you provide the following information on the Childcare Service website:

- The number of users who have successfully completed an application for a childcare service account split by which service they use
- The number of users who have started an application, but not returned to it for more than a) one week b) two weeks c) three weeks d) four weeks or more
- The number of users who have deactivated an account on the website
- The proportion of website users receiving error messages (including the message "We're experiencing technical difficulties. We don't know when the service will be available again. Please try again later.")
- The number of hours the website has been down since 1 April 2017, and the dates and times of those outages
