Carillion Staff Pension Scheme

Trustee report Year ended 31 December 2012

Introduction

The Carillion Staff Pension Scheme ("the Scheme") was established on 1 October 1999 to provide pension benefits for new members and members transferring from the Tarmac Staff Pension Scheme under the demerger arrangements from the Tarmac Group. The Scheme closed to new entrants with effect from 31 March 2003 and to future accrual on 5 April 2009. All active members of the Scheme on 5 April 2009 became employed deferred members.

The Trustee presents its Annual Report together with the audited financial statements of the Scheme for the year ended 31 December 2012. The Scheme provides defined pension benefits to members and their dependants on retirement and on death.

The Trust Deed and Rules governing the Scheme are available for inspection on application to the administrator.

HMRC approval

The Scheme is a "registered pension scheme" for tax purposes.

The principal employer

The principal employer is Carillion plc. Other participating employers with eligible employees who are entitled to be members of the Scheme are Carillion Construction Limited, Carillion Professional Services Limited, Carillion Services Limited, Carillion Property Services Limited and Monteray Limited.

Appointment and removal of Trustee/management of the Scheme

The Scheme is managed by the Trustee, Carillion (DB) Pension Trustee Limited. This company's function is to act as Trustee to the Scheme and to 5 other Carillion Group schemes. The Articles of this company provide for the appointment and removal of Trustee directors. The board of the Trustee is made up of 16 directors six of whom are appointed by the Principal Employer, (one of whom is the independent chair) and ten are member representatives. The original MNDs were co-opted from the previous Trustee companies of five of the six schemes for which it acts as Trustee.

Trustee Knowledge & Understanding

The Pensions Act 2004 requires Trustees to have sufficient knowledge and understanding of pensions and trust law and to be conversant with the Scheme documentation. The Pensions Regulator has published a Code of Practice on Trustee Knowledge and Understanding (TKU) to assist Trustees on this matter which became effective from 6 April 2006 and subsequent revisions were made in November 2009. The Trustees recognise the need for, and participate in, on-going training, including seminars and the Pension Regulator's 'Trustee Toolkit' training program.

Changes to the Scheme

There were no changes to the Scheme during the year.

Carillion Staff Pension Scheme

Trustee report Year ended 31 December 2012

Pensions in payment

In accordance with the Scheme's Trust Deed and Rules, pensions in payment at 1 April 2012 were increased as follows:

- I. For pension in respect of pensionable service after 6 April 2006 the increase was 2.5%. This is in line with the increase in the General Index of Retail Prices over the period to the previous 31 December, (restricted to a maximum of 2.5%).
- II. For pension in respect of pensionable service between 6 April 1997 and 5 April 2006 the increase was 4.8%. This is in line with the increase in the General Index of Retail Prices over the period to the previous 31 December, (restricted to a maximum of 5%).
- III. In addition, an increase of 2.5% was granted to pensions in payment for service prior to 5 April 1997. This was granted at the discretion of the Trustee and with the consent of the Principal Employer. For pensioners who have passed State Pension Age, this increase is only applied to pensions over and above any Guaranteed Minimum Pension (GMP).

Where applicable, increases to GMP were in line with statutory requirements. Certain members who transferred in benefits from the Tarmac Staff Pension Scheme under bulk transfer arrangements are entitled to a 3% increase on a portion of their pension.

Deferred benefits

Deferred benefits held under the Scheme for members who have left service or ceased to contribute to the Scheme are increased over the period from the date of leaving service as follows:

- I. The Guaranteed Minimum Pension (GMP) part of members' deferred benefits is increased at a fixed rate dependent on the date of leaving (4.0% for members who left since 5 April 2002) for each complete tax year to State Pension Age.
- II. The part of the deferred benefits in excess of the GMP is increased for each complete calendar year in deferment in line with statutory requirements over the period to Normal Retirement Date subject to a maximum of 5% per annum.

Transfer Values

The rules of the Scheme permit transfers to other occupational pension schemes, personal pension plans or single premium insurance policies (known as Section 32 policies). Transfer values can also be paid to Stakeholder contracts. If a transfer is made the Trustee receives a statutory discharge from any further liability once the transfer has been affected.

The Trustee confirms that all transfer values are calculated and verified in accordance with the statutory cash equivalent requirements in accordance with the Pension Schemes Act 1993 (the "Act").

The current basis meets the legal requirement of the Act and makes no allowance for the payment of any discretionary benefits under the Scheme.

Carillion 2009 Plan members may transfer their benefits into the Scheme if the value is less than £10,000 and the member is retiring.

Carillion Staff Pension Scheme

Trustee report Year ended 31 December 2012

Financial development of the Scheme

The Financial statements on pages 19 to 20 show that the value of the Scheme's assets increased by £26m to £605.1m as at 31 December 2012. The increase was comprised of net withdrawals from dealings with members of £26m together with a net increase in the returns on investments of £51m.

The Financial statements have been prepared and audited in accordance with the regulations made under Sections 41 (1) and (6) of the Pensions Act 1995.

Contributions

Contributions received from participating employers were in accordance with the Schedule of Contributions. This is set out on pages 33 to 35.

The Schedule of Contributions in force from 29 October 2010 expected £0.5m to be received in relation to 2012. This amount was received during 2012 as shown on page 19.

Investments – policy

The Trustee monitors compliance with the SIP periodically, or more frequently if necessary.

In line with the Occupational Pension (Investment) Regulations (2005), the Trustee is required to review the SIP at least every three years and without delay after any significant changes in investment policy.

The Trustee will review the SIP in response to any material changes to any aspects of the Scheme, its liabilities, finances and the attitude to risk of the Trustee and the Company which they judge to have a bearing on the stated Investment Policy.

This review will occur annually, in line with the Trustee's preferred practice. Any such review will again be based on written expert investment advice and the company will be consulted.

Investment – management

In order to discharge its responsibilities with regard to investments, the Trustee employs specialist investment managers. Details of these managers are set out on page 2.

Each 'active' investment manager has been set a performance target in excess of a benchmark return, and is expected to achieve the target performance over a rolling three-year period. A target maximum under-performance by the investment manager in any one year is also set by the Trustee.

BlackRock - fees are invoiced directly to the scheme at rates between 0.025% p.a. and 1.5% p.a. depending on the fund invested in. There is also a performance related fee of 20% on the GTAA fund on outperformance of the benchmark.

Odey - fees are charged directly to the fund at a rate of 0.7% p.a. of the fund value. There is also a performance related fee of 20% on outperformance of the benchmark.

Origin - fees are invoiced directly to the scheme at a rate of 0.35% p.a. of the fund value.

AllianceBernstein - fees are invoiced directly to the scheme and are calculated on a sliding fee scale, which is dependant on the value of assets invested in the fund. As such, fees are levied at a rate between 0.80% p.a. and 0.40% p.a. of the fund value. Please note that assets with AllianceBernstein are amalgamated across all of the Schemes within the Carillion Group for fee calculation purposes.

THS - fees are charged directly to the fund at a rate of 0.65% p.a. of the fund value.

Carillion Staff Pension Scheme

Trustee report Year ended 31 December 2012

Baillie Gifford - fees are charged directly to the fund and are calculated on a sliding fee scale, which is dependent on the value of assets invested in the fund. As such, fees are levied at a rate between 0.65% p.a. and 0.45% p.a. of the fund value. Please note that assets with Baillie Gifford are amalgamated across all of the Schemes within the Carillion Group for fee calculation purposes.

Custody of assets

The Trustee uses the custodial arrangements of the investment managers it has appointed to manage the Scheme assets. It has a separate custody agreement with each custodian.

Investment performance

Details of investment performance can be found in the Investment Report on pages 11 to 15.

Further information

Members are entitled to inspect copies of documents giving information about the Scheme. In some circumstances copies of documents can be provided, but a charge may be made for copies of the trust documents (Deed and Rules) and of the Actuary's report.

Any member with a complaint or unresolved query can use the Internal Disputes Resolution Procedure (IDRP) or, alternatively, they can obtain free advice through the Pensions Advisory Service (PAS) who can be contacted at 11 Belgrave Road, London, SW1V 1RB. If a member has a complaint which PAS is unable to resolve then they can ask for a ruling from the Pensions Ombudsman who can be reached at the same address.

In the event of complaint a copy of the IDRP can be requested from Group HR (Pensions), Birch Street, Wolverhampton, WV1 4HY

Statement of Trustee responsibilities Year ended 31 December 2012

Statement of Trustee responsibilities for the financial statements

The audited financial statements, which are to be prepared in accordance with UK Generally Accepted Accounting Practice (UK GAAP), are the responsibility of the Trustee. Pension scheme regulations require the Trustee to make available to Scheme members, beneficiaries and certain other parties, audited financial statements for each Scheme year which:

- show a true and fair view, of the financial transactions of the Scheme during the Scheme year and of the amount and disposition at the end of the Scheme year of the assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year; and
- contain the information specified in the Schedule to the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, including a statement whether the accounts have been prepared in accordance with the Statement of Recommended Practice, 'Financial Reports of Pension Schemes'.

The Trustee has supervised the preparation of the financial statements and has agreed suitable accounting policies, to be applied consistently, making estimates and judgements on a reasonable and prudent basis. It is also responsible for making available each year, commonly in the form of a Trustee annual report, information about the Scheme prescribed by pensions legislation, which it should ensure is consistent with the financial statements it accompanies.

The Trustee also has certain responsibilities in respect of contributions which are set out in the statement of Trustee responsibilities accompanying the Trustee summary of contributions.

The Trustee has a general responsibility for ensuring that adequate accounting records are kept and for taking such steps as are reasonably open to them to safeguard the assets of the Scheme and to prevent and detect fraud and other irregularities, including the maintenance of appropriate internal controls.

Investment Report Year ended 31 December 2012

Investment Background

2012 was a year in which policy makers made a seemingly concerted effort to do "whatever it takes" (Mario Draghi, President of the European Central Bank, July 2012) to avoid an illiquidity crisis. The US, UK, Japanese and European Central Banks followed a determined policy of quantitative easing throughout 2012.

A raft of substantial monetary easing policies from the major Central Banks, such as the Federal Reserve Bank (QE3), the ECB (Outright Monetary Transactions programme) and the UK Government (Funding for Lending scheme), were announced and implemented as an attempt to revive the banking system and to regain investors' confidence in global economic growth. Despite the underlying gloomy and low growth economic backdrop, investors, most notably in Europe, welcomed the support from the central banks, albeit they remained cautious on the effectiveness and improvement of these programmes.

During the fourth quarter of 2012 some signs were beginning to emerge that these measures may be having a positive effect. Financial markets adopted a less pessimistic tone as the risks of systemic failure appear to have been addressed (in terms of intention on the part of the policy makers, if not necessarily in detail). The combination of record low interest rates and availability of liquidity was generally supportive of growth assets, although the economic fundamentals have yet to improve meaningfully.

Consensus economic forecasts continued to fall, with 2.5% real global GDP growth expected in 2012, but with the forecast for 2013 falling from 2.8% to 2.6%.

At a global level, the FTSE World Total Return index rose 11.8% (in Sterling terms) over 2012 whilst the FTSE AW Emerging Markets Total Return index rose 12.8% (in Sterling terms).

At a regional level, European markets, as measured by the FTSE World Europe ex UK index, increased 17.8% (in Sterling terms). UK stocks also exhibited growth, as indicated by the FTSE All Share index, rising 12.3%. US equities, as represented by the FTSE USA Total Return index, rose 11.2% (in Sterling terms).

UK Government Bonds, as measured by the FTSE Gilts All Stocks index, returned 2.7% over 2012. Long dated issues, as measured by the corresponding over 15 year index, returned 2.9%. The yield for the FTSE Gilts All Stocks Index rose over the year from 2.4% to 2.5%. The FTSE All Stocks Index Linked Gilts index returned 0.6% with the corresponding 15 year index exhibiting a negative return of 1.3%.

Corporate debt, as measured by the BofA Merrill Lynch Sterling Non-Gilts index, provided a positive return of 13.3%.

Delegation of Responsibilities

The overall investment policy of the Carillion Staff Pension Scheme ("the Scheme") is determined in consultation by the Trustee with Mercer. The day-to-day management of the assets is delegated to professional investment managers across a range of asset classes.

Management of the Assets

The Scheme's overall 40.0%/60.0% strategic split between growth and bond-like assets remained unchanged over 2012. However, the Trustee continues to allow the actual allocation to drift towards a more de-risked position of 30.0%/70.0%. As at 31 December 2012, the Scheme's assets were managed by Baillie Gifford & Co ("Baillie Gifford"), BlackRock Advisors (UK) Limited ("BlackRock"), Odey Asset Management ("Odey"), Origin Asset Management ("Origin") and Taube Hodson Stonex Partners ("THS").

Over the 12 months to 31 December 2012, there were some changes to the investment strategy. In Q2, the GTAA* assets were switched from the equity version to the absolute return version of the Fund. Also in Q2, the assets held by AllianceBernstein were disinvested fully and used to fund an investment in the BlackRock UK Focus Fund, and top up the investment in the GTAA Fund. During Q4, there was a reallocation of the assets held in the growth portfolio, with disinvestments made from the global equity mandates and BlackRock UK passive equity to fund an investment made in the Baillie Gifford Diversified Growth Pension Fund.

The investment strategy is shown in the tables below:

Asset Class	Strategy %
UK Equities	7.6
GTAA*	3.2
Global Equities	19.2
DGF**	10.0
UK Corporate Bonds	37.0

Statement of Investment Principles

The Trustee has prepared a Statement of Investment Principles ("SIP") in accordance with Section 35 of the Pensions Act 1995. A copy of the SIP is available on request. There were no departures from the investments permissible in the SIP during the year.

Strategic management of the assets is the responsibility of the Trustee acting on expert advice and reflects the investment objective of the Scheme. This is to seek to obtain investment returns at least commensurate with the assumptions used for valuing the liabilities. In this context, the primary aim is to enhance the on-going funding level through controlled risk taking, which aims to avoid unplanned increases in employer contributions.

The Scheme's Investments

As at 31 December 2012, the market value of the Scheme's investments (based on bid prices where applicable) amounted to £597.5m. The distribution of these assets across the whole portfolio is highlighted in the table below:

Manager	Asset Class	31.12.12		Target
		£m	%	%
Odey	UK Equity	11.2	1.9	6.0

Investment Performance

The Scheme's performance is compared with an overall benchmark which is based on the allocation of 30% growth assets, 70% bond-like assets, which is used for rebalancing purposes. The Trustee also monitors the performance of the Scheme's investments, which is measured by Mercer on a quarterly basis to March, June, September and December month ends.

Performance over the one, three and five year periods to 31 December 2012 is shown in the table below.

	1 Year to 31 December 2012 %	3 Years to 31 December 2012 % p.a.	5 Years to 31 December 2012 % p.a.

Ten Largest Investments

The ten largest investments for the Scheme as at 31 December 2012 were as follows:

- 1) BlackRock Aquila Life All Stocks Corporate Bond Fund
- 2) BlackRock Aquila Life Over 5 Years UK Index-Linked Gilt Index Fund
- 3) BlackRock Aquila Life Over 25 Years UK Gilt Index Fund
- 4) Baillie Gifford Diversified Growth Pension Fund
- 5) Origin Global Specialist Equity Fund
- 6) Odey Allegra International Fund
- 7) THS International Growth & Value Fund
- 8) BlackRock UK Focus Fund
- 9) BlackRock Global Ascent (Sterling) Limited
- 10) BlackRock Aquila Life UK Equity Index Fund

Investment Exceeding 5% of Total Assets

The following vehicles exceeded 5% of the total Scheme assets as at 31 December 2012:

- 1) BlackRock Aquila Life All Stocks Corporate Bond Fund
- 2) BlackRock Aquila Life Over 5 Years UK Index-Linked Gilt Index Fund
- 3) BlackRock Aquila Life Over 25 Years UK Gilt Index Fund
- 4) Baillie Gifford Diversified Growth Pension Fund
- 5) Origin Global Specialist Equity Fund

Carillion Staff Pension Scheme

Investment Report Year ended 31 December 2012

Custodial Arrangements

All assets are held in pooled fund units. It is the managers' responsibility to organise the custody of the underlying securities. The custodians for each manager are listed below.

Manager	Custodian
BlackRock	JP Morgan Chase
Baillie Gifford	BNY Mellon
Odey	RBC Dexia Investor Services Bank S.A.
Origin	HSBC Bank Plc
THS	Northern Trust

The custodians are responsible for the safekeeping of share certificates and other documents relating to the ownership of listed investments. Investments are held in the name of each custodian's nominee company, in line with common practice for pension plan investments.

Employer Related Investments

The Scheme's assets were not directly invested in investments related to the sponsoring employer. However, there was a small exposure to the sponsoring company's equity via BlackRock's Aquila Life UK Equity Index Fund, in line with the index weight. The Scheme holds less than 5% of total assets in Carillion plc equity.

Remuneration for Professional Services

Mercer is remunerated on a retainer fee basis for on-going monitoring and day-to-day consulting issues. Additional consulting projects are quoted for and charged separately.

With the exception of the UK Focus Fund managed by BlackRock and the Global Equity Fund managed by Odey, where the fees include a performance related element equal to 20% of any outperformance and the BlackRock GTAA Fund where the fees consist solely of a performance related element equal to 30%, all of the Scheme's investment managers are remunerated on a fee basis that is dependent on the size of assets under management.

Statement about Contributions For the year ended 31 December 2012

Independent Auditors' Statement about Contributions, made under Regulation 4 of The Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, to the Trustee, of the Carillion Staff Pension Scheme.

We have examined the summary of contributions payable under the Schedule of Contributions to the Carillion Staff Pension Scheme in respect of the Scheme year ended 31 December 2012 which is set out on page 16.

This statement is made solely to the Scheme's Trustee, in accordance with the Pensions Act 1995 and Regulations made thereunder. Our work has been undertaken so that we might state to the Scheme's Trustee those matters we are required to state to it in an Auditor's statement about contributions and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme's Trustee, for our work, for this statement, or for the opinions we have formed.

Respective responsibilities of Trustee and Auditor

As explained more fully in the Statement of Trustee Responsibilities set out on page 16, the Scheme's Trustee is responsible for ensuring that there is prepared, maintained and from time to time revised a schedule of contributions showing the rates and due dates of certain contributions payable towards the Scheme by or on behalf of the employer and the active members of the Scheme. The Trustee is also responsible for keeping records in respect of contributions received in respect of active members of the Scheme and for monitoring whether contributions are made to the Scheme by the employer in accordance with the schedule of contributions.

It is our responsibility to provide a statement about contributions paid under the schedule of contributions to the Scheme and to report our opinion to you.

Scope of work on statement about contributions

Our examination involves obtaining evidence sufficient to give reasonable assurance that contributions reported in the summary of contributions have in all material respects been paid at least in accordance with the schedule of contributions. This includes an examination, on a test basis, of evidence relevant to the amounts of contributions payable to the Scheme and the timing of those payments under the schedule of contributions.

Statement about contributions payable under the Schedule of contributions

In our opinion contributions for the Scheme year ended 31 December 2012 as reported in the summary of contributions and payable under the schedule of contributions have in all material respects been paid at least in accordance with the schedule of contributions dated 29 October 2010.

Carillion Staff Pension Scheme

Independent Auditors' report to the Trustee For the year ended 31 December 2012

We have audited the financial statements of Carillion Staff Pension Scheme for the year ended 31 December 2012 set out on pages 19 to 28. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

This report is made solely to the Scheme Trustee in accordance with the Pensions Act 1995 and Regulations made thereunder. Our audit work has been undertaken so that we might state to the Scheme Trustee those matters we are required to state to it in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme Trustee, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Trustee and Auditor

As explained more fully in the Statement of Trustee responsibilities set out on page 10, the Scheme Trustee is responsible for the preparation of financial statements which give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). These standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/private.cfm

Opinion on financial statements

In our opinion the financial statements:

- show a true and fair view of the financial transactions of the Scheme during the Scheme year ended 31 December 2012 and of the amount and disposition at that date of its assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- the information specified in Regulation 3 of, and the Schedule to, the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, made under the Pensions Act 1995.

The financial statements summarise the transactions of the Scheme and deal with the net assets at the disposal of the Trustee. They do not take account of obligations to pay pensions and benefits which fall due after the end of the Scheme year. The actuarial position of the Scheme, which does not take account of such obligations, is dealt with in the Trustee report and these financial statements should be read in conjunction with it.

These financial statements were approved by the Trustee at a meeting held on

Carillion Staff Pension Scheme

Notes to the financial statements For the year ended 31 December 2012

1. BASIS OF PREPARATION

The financial statements have been prepared in accordance with the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, and with the guidelines set out in the Statement of Recommended Practice, "Financial Reports of Pension Schemes" (revised May 2007).

2. ACCOUNTING POLICIES

The following principal accounting policies have been adopted in the preparation of the financial statements.

2.1 Accruals concept

The financial statements have been prepared on an accruals basis with the exception of individual transfers which are recognised when received or paid.

2.2 Contributions and benefits

Contributions and benefits are accounted for in the period in which they fall due.

2.3 Transfers to and from other Schemes

Transfer values have been included in the Financial statements when received and paid. They do not take account of members who have notified the Scheme of their intention to transfer.

Individual transfer values to and from other pension arrangements represents the amounts received and paid during the year for members who either joined or left the Scheme and are accounted for when a member exercises their option to transfer their benefit.

2.4 Investment income

Investment income on cash deposits is accounted for on an accruals basis. Dividends and interest on securities are accounted for to the extent that they are declared and payable.

Income from pooled investment vehicles is not distributed but is reinvested and included within the closing value of the fund at the year end.

Carillion Staff Pension Scheme

Notes to the financial statements For the year ended 31 December 2012

2.5 Valuation of investments

The market value of pooled investment vehicles is based on the bid price operating at the accounting date, as advised by the investment managers.

Unquoted securities have been valued by the Trustee after taking the available professional advice.

2.6 Additional Voluntary Contributions (AVCs)

AVCs are accounted for on an accruals basis, and the resulting investments are included within the net assets statements.

2.7 Age related rebates

Age related rebates are accounted for on an accruals basis.

2.8 Administration Expenses

Administration expenses are accounted for when they fall due.

15. RELATED PARTY TRANSACTIONS

Under Financial Reporting Standard No 8 the Trustee is deemed to be a "related party" of the Scheme. Additionally, certain Directors of the Trustee Company have an interest as a deferred member of the Scheme due to their service as an employee with the employer.

In addition, Carillion plc have re-charged the Scheme for administration and processing fees of £48,000 (2011: £48,000). These amounts are included within the administration expenses shown in note 9.

Carillion Staff Pension Scheme

Actuarial Valuation Year ended 31 December 2012

Actuarial valuation

Every Scheme is subject to the Statutory Funding objective which is to have sufficient and appropriate assets to cover its 'technical provisions'. The 'technical provisions' are an estimate made on actuarial principles of the assets needed at any particular time to cover the Scheme liabilities. Liabilities include pensions in payment, benefits payable to the survivors of former members and those benefits accrued by other members which will be payable in the future.

Technical provisions are calculated using an accrued benefits funding method and assumptions chosen by the Trustee, after taking the Actuary's advice and usually obtaining the employer's agreement.

These assumptions will be subject to scrutiny by the Pensions Regulator if they fall outside reasonable boundaries as judged by the Regulator.

To check if the Scheme has sufficient assets to cover its liabilities the Trustee asks the Actuary to perform a valuation.

In a valuation, the Actuary measures the value of the Scheme's assets, estimates the value of its liabilities and then compares the two. This gives the funding level. (If the Scheme has exactly the right amount of assets to meet its liabilities, it is described as having a 100% funding level.) The aim is to suggest:

- how much money the Scheme needs to set aside to cover the benefits members have already earned; and
- the contributions the Scheme should receive for benefits building up in the future, if any.

In a valuation, the Actuary looks at the Scheme's finances under three situations.

The **on-going basis** is effectively the basis used by the Trustee in setting their funding target and assumes that the Scheme will continue in its present form. It includes the cost of paying benefits now and in the future including building in an allowance for future discretionary increases to pensions in payment earned before 6 April 1997. These liabilities can be spread over many years, which allows the Actuary to include allowance for future investment growth on the Scheme's assets.

The **discontinuance basis** assumes that the Scheme was wound up on the valuation date. (The Actuary is required by law to look at this situation: it does not mean that the company is thinking of ending the Scheme.) To do this, he looks at whether the Scheme had enough money to buy insurance policies to provide members' benefits. This is called the '**full solvency position**'. Insurance companies have to invest in low-risk assets which are likely to give low returns, while their policy prices will include administration charges and a profit margin. This means that even if a Scheme is fully funded on the on-going basis, the full solvency figure is likely to be less than 100%.

The **scheme-specific funding basis** was introduced following the Pensions Act 2004 and effectively is the basis used for striking the technical provisions. As with the on-going basis, it assumes that the Scheme will continue in its present form. It also uses broadly the same assumptions as the on-going basis, but takes account of guaranteed benefits only.

The most recent actuarial valuation of the Scheme was undertaken as at 31 December 2008 and the next valuation is being carried out as at 31 December 2011 although this has not been completed within the fifteen month period required by legislation. The Trustee and Company are still to agree the terms on which the valuation should be carried out. The actuarial certificate required under section 227 relating to the 2008 valuation, as required by law, is set out on pages 33 to 35.

Carillion Staff Pension Scheme

Actuarial Valuation Year ended 31 December 2012

The results of the valuation as at 31 December 2008

The valuation due at 31 December 2008 was not signed until October 2010, which is outside the statutory requirement. The Pensions Regulator was notified of the late submission, which was due to extended discussions with the Company.

On-going basis

On 31 December 2008, the Actuary found that if the Scheme was 100% funded the full amount needed to provide benefits was £567m. The market value of the Scheme's assets was £507m which gave a shortfall of £60m on the on-going basis (i.e. the Scheme was 89% funded).

Discontinuance basis

If the Scheme was wound up on 31 December 2008, the Actuary estimated the shortfall would have been £249m. This is equal to a funding level of 67%.

The Scheme - specific funding position (the technical provisions)

On the scheme-specific funding basis, the Actuary found that the Scheme had a funding level of 97%.

Under the Statutory Funding objective, where there is a shortfall at the effective date of the actuarial valuation, the Trustee must aim to achieve full funding in relation to the technical provisions. It achieves this by agreeing a Recovery Plan with the Employer to make good any shortfall over a reasonable period. This Recovery Plan is also subject to the Regulator's scrutiny.

For on-going funding, the Trustee has set a higher funding target than the Statutory Funding objective. As at the valuation date the Scheme was 89% funded against this target. The Trustee and Employer have agreed on a Recovery Plan which aims to achieve 100% funding on the on-going funding target by 31 October 2024, with the Employer paying shortfall contributions of £2.6m in 2009, £0.5m p.a. from 2010 to 2012, £2.0m in 2013, £4.1m p.a. from 2014 to 2023 and £3.4m in 2024 as shown on page 33.

Movements over the last year and since the valuation

Over 2012 there has been an improvement in the funding level, due to continuing positive investment returns and contributions from the Company coupled with a slight easing of gilt yields over the year reducing the cost of providing benefits.

Since the formal valuation in 2008, the increased liabilities on account of lower gilt yields has not been completely offset by the effect of positive asset returns and deficit contributions, leading to a funding level of approximately 85% on the on-going basis as at the 2012 year end.

The funding position will continue to be monitored regularly by the Trustee as part of its on-going strategy for managing the Scheme.

Full details of both the on-going funding and technical provisions valuations as at 31 December 2008 are given in the Actuary's valuation report. A copy is available on request from the Administrator.

The results of the valuation as at 31 December 2011

The 31 December 2011 valuation is still being discussed between the Trustee and Company. The Regulator has been informed of the delay.

Carillion Staff Pension Scheme

Compliance statement For the year ended 31 December 2012

Introduction

The Scheme is a defined benefit scheme and is administered by MNPA Limited in accordance with the establishing document and rules, solely for the benefit of its members and other beneficiaries.

Appendix E

Schedule of Contributions, incorporating actuarial certificate

Status of this document

This schedule has been prepared by the Trustee of the Carillion Staff Pension Scheme to satisfy the requirements of section 227 of the Pensions Act 2004, after obtaining the advice of Edwin Topper, the actuary to the Scheme appointed by the Trustee.

This document is the first schedule of contributions put in place for the Scheme following the 31 December 2008 valuation. It supersedes all earlier versions.

After discussions, a pattern of contributions was agreed by the Trustee and the Employer, Carillion plc on behalf of itself and the other employers participating in the Scheme, on 29 October 2010.

The Trustee and the Employer have signed this schedule to indicate that it represents an accurate record of the agreed pattern of contributions. The schedule is effective from the date it is certified by the Scheme Actuary.

Contributions to be paid to the Scheme from 31 December 2008 to 31 October 2024

Members' contributions

No contributions are payable by members after 5 April 2009.

Employer's contributions in respect of future accrual of benefits

No future accrual contributions are payable by the Employer after 5 April 2009.

Employer's contributions in respect of the shortfall in funding as per the recovery plan of 29 October 2010

The Employer shall pay shortfall correction additional contributions of £2.6m during 2009, £0.5 p.a. from 2010 to 2012, £2m during 2013, £4.1m p.a. 2014 to 2023 and

Carillion Staff Pension Scheme

Appendix

£3.4m from 1 January 2024 to 31 October 2024, with contributions being paid on a monthly basis or earlier.

Employer's contributions in respect of benefit augmentations

In addition the Employer shall pay the cost, as determined by the Scheme Actuary, of any benefit augmentations requested by the Employer and approved by the Trustee.

Employer's contributions in respect of administration and other costs

The Employer shall reimburse the Trustee for the cost of meeting levies payable to the Pension Protection Fund. Until 2013 other expenses will be paid directly from the Scheme. The Employer will also meet the general running costs of the Scheme from 2013 onwards and will also cover the investment management costs either directly, or by explicit funding reserves, from 2013. The precise methodology will be considered at the next valuation.

Other Employer contributions

The Employer may pay additional contributions on a regular or one off basis if it chooses.

Dates of review of this schedule

This schedule of contributions will be reviewed by the Trustee and the Employer no later than 15 months after the effective date of each actuarial valuation, due at least every three years.

This schedule of contributions has been agreed by the Employer, Carillion plc on behalf of itself and the other employers participating in the Scheme, and the Trustee of the Carillion Staff Pension Scheme on 29 October 2010.

Carillion Staff Pension Scheme

Adequacy of rates of contributions

1. I certify that, in my opinion, the rates of contributions shown in this schedule of contributions are such that the statutory funding objective could have been expected on 31 December 2008 to be met by the end of the period specified in the recovery plan dated 29 October 2010.

Adherence to statement of funding principles

2. I hereby certify that, in my opinion, this schedule of contributions is consistent with the Statement of Funding Principles dated 29 October 2010.

The certification of the adequacy of the rates of contributions for the purpose of securing that the statutory funding objective can be expected to be met is not a certification of their adequacy for the purpose of securing the Scheme's liabilities by the purchase of annuities, if the Scheme were to be wound-up.
