From the Chairs

February 2018

Dear Richard

Carillion evidence session

Thank you for the evidence you gave to us on 6 February 2018. Having reviewed the transcript, we would like to ask a few further follow-up questions:

- 1) Were you not insured against concrete beam failures (Q445-447)? Did you take action against your supplier?
- 2) Could you clarify for us the payment schedule on claims for the work in Qatar?
 - a. You said that you “personally settled claims 1 and 2, in July of 2016, with the Chief Executive of Msheireb Properties. Those claims had been lodged, working from memory, 18 months earlier than I settled them”. Is that timetable accurate? (Q593)
 - b. In Q478-483 you refer to further payment due on the Msheireb contract worth £200m, with around £180-190m due at the time the accounts were signed off. Could you confirm the accuracy of those figures, when the claims for those amounts were first lodged and whether any provision was in place in relation to these amounts in the 2016 accounts?
- 3) How much please were you paid for your ongoing work in Qatar after you were removed as Chief Executive (Q484)?
- 4) You “thankfully” only won one construction contract in Qatar (Q526). How many did you bid for, and over what period?

We look forward to hearing from you.

Best Wishes
