**Challenging a decision**
Do you disagree with a decision that has been made about your benefit entitlement and want to appeal. Before you can appeal you must first request a mandatory reconsideration of the decision.
Appeal tribunals / representation
Do you need help to prepare for a tribunal or do you need representation?

Self completion of claim forms
We have a vast selection of self help guides on how to complete disability/sickness benefit claim/review forms tailored to certain medical conditions and the resulting disabilities.

FOR PERSONAL INDEPENDENCE PAYMENT (PIP), ATTENDANCE ALLOWANCE AND CHILD DLA CLAIMS, the information you provide when completing an application for a disability benefit will form part of the decision making process and is often the reason for a benefit being refused.

Improve your prospects of success from the start by downloading one of our guides which show you how to complete your claim form or questionnaire and are tailored to specific medical conditions or disabilities.

Simply select the guide that relates to your main illness or disability and use this to enable you to complete the form correctly.
