

EVENT TOURS

Event organisers can enquire directly with the event tours office about hosting a tour for their guests.

We would strongly advise providing an event number in your enquiry to get a response.

Event organisers are reminded that without an event booked in the Sales and Events diary and without vital information such as an event number, the enquiry may take longer to be answered.

Event tours are independent of the House of Lords Sales and Events private hire operation, but we do, however, work closely with event tours to ensure event organisers and their guests receive the correct information.

Rates are disclosed below but we do advise that you

consult with Event Tours directly to check if the rates below are still current.

Once your tour has been confirmed, please kindly relay that information to your event coordinator so that we are aware of the appropriate details too.
