23 July 2014

Dear Philip,

You are already aware of the Committee's concerns about RBS's evidence to it on GRG. RBS may have misled the Committee.

The Committee intends to consider, and report on, this in the autumn. Should you want to offer any further evidence before we do so, it would be helpful to receive it by 22 August.

I will be placing this letter, and in due course your reply, in the public domain.

*Yours sincerely,
Andrew*

ANDREW TYRIE
CHAIRMAN OF THE TREASURY COMMITTEE
