Booking methods and General Information

What is a sponsored booking?

A sponsored booking is an event booked at our venue by a third-party organisation with the sponsorship of a sitting [Member](#) of the House of the Lords. The sponsoring Member will be required to complete and sign a copy of our venue's Booking Form (BF) document, which serves as a key part of the booking process for your event.

What is a non-sponsored booking?

A non-sponsored booking is an event in which a third-party organisation book directly with our venue, without seeking the sponsorship of a sitting Member of the House of Lords for their event. A third-party would need to submit a digital [Event Enquiry Form](#) (EFF) before having their booking approved by our venue. The Event Enquiry Form (EEF) serves as a 'fit and proper' check and upon approval our team will then handle the enquiry.

This method of booking means that the Booking Form (BF) aspect of the booking process is by-passed, as you have chosen against having a sitting Member of the House to host your event.

What are the differences between a sponsored event and a non-sponsored event?

The costs of hosting a sponsored event or a non-sponsored event are the same. One option is not necessarily more cost-effective than the other.

An event organiser has two options when booking an event at the House of Lords. They may book a sponsored event in which a sitting [Member](#) of the House of Lords is responsible for hosting your event or a non-sponsored event in which one books directly with our venue.

A Member-sponsored event is the more traditional choice when hosting an event at the House of Lords.

How can I make a booking at the House of Lords?

You can make event enquiries by contacting our dedicated Sales and Events Team. Please refer to the contact [page](#) on our website for a full list of contact information. The contact page also includes contact details for our Finance Administrator, the Print Service Team and our Events Management Team.

For **non-sponsored events** organisers are requested to complete the [Event Enquiry Form](#).

Our dedicated team handle all event enquiries for our venue, including venue information, availability of dates, menu information and much more.

The booking form must be returned within **5 working days** of booking the function date.

When do I need to submit my Contract?

The contract will be issued after the completed and signed Booking Form has been received. The contract must be returned within **5 working days** of issue.

When do I need to submit my Function Requirement Form to the Sales and Events office?

The Function Requirement Form must be returned 6 weeks before your function date. Event organisers have until 5 working days (not including the day of your event) before their function to submit a final catering number as well as final dietary information. This also does not include parliamentary recess periods and bank holidays.

Can my guests choose from the menu on the day of the function?

No. Under no circumstances is this permitted.

Our front-of-house teams and kitchens need to have the set menu choice and dietary requirements at least **6 weeks before** your function takes place. The deadline for requesting changes to your catering number or inform us of additional dietary information, is **5 working days before** your function, not including the day of your event.

What does 'final catering number' mean?

Final catering number refers to the number that will feature on your Final Invoice. The deadline for changing your catering number is **5 working days** before your event (not including the day of your event). Once the deadline has passed, the catering number becomes your 'final' catering number and you will be obliged to pay for that catering number, **even if your guests numbers decrease**.

When should I have speeches at my function?

Event organisers will need to work with a Duty Manager to help coordinate the proposed running order.

We strongly advise after the call to be seated is given, generally a welcome speech is given and to delay your speeches until the end of your meal.

Receptions: A small period of time should be given to allow guests to arrive and settle. After which, a welcoming speech should be given and from this point onwards main speeches can be staggered throughout the duration of the function.

Can I get a reply to my email during parliamentary recess periods?

Event organisers are reminded that the Sales and Events Office will be closed during some of the parliamentary recess periods that take place throughout the year. In most cases emails will be monitored during such periods but with fewer staff, event organisers should expect delays in replies to their emails. Please take note of these recess periods when the House of Lords Sales and Events Office will be closed: Easter (1 week), Whitsun (1 week), Summer (5 weeks), Christmas (2 weeks)

Can I hold an event without catering?

All of our event rooms have a minimum catering spend, that must be met, for use of the room to be secured.

However, one can host a committee meeting, with the sponsorship of a peer. Please see contact details below.

Six weeks before your event. The pre-payment invoice (minimum catering spend) will be issued six weeks before your event date.

When can I expect the final invoice?

Event organisers can expect to receive the final invoice within 5 working days after the function has taken place.

Can we supply a purchase order number?

Yes, purchase order numbers must be disclosed on the completed and signed Summary Agreement Form (contract).

Can we move our contracted event date and are there fees involved?

A request to reschedule that I received by the events team less than 8 weeks before the Event is due to take place, or a request made at any time to reschedule an Event which has previously been rescheduled, will be treated as a cancellation with cancellation fees applicable.

If agreed by the Events team to reschedule the Event, it must be held no more than 90 days from the date of the Event specified in the original booking, if no suitable date can be found within that 90 day period, the Event will be treated as a cancellation with cancellation fees applicable.
