

# CORKAGE RATES

Event organisers may supply their own drinks for an event, but will need to consider the corkage rates (detailed to the right), the logistics of bringing the drinks to their event and lastly the collection of their drinks after the event has taken place (assuming some drinks are not consumed).

We strongly advise that drinks are delivered onto the Parliamentary estate using CEVA Logistics (our Parliamentary approved courier service). CEVA Logistics will deliver the drinks (including event materials) in advance of your event, allowing us to store and/or cool the drinks (space-permitting) and lastly CEVA Logistics can collect your drinks after the event, should there be any unconsumed. If event organisers choose to supply their own drinks for an event, our venue is not responsible for a shortage of glasses or the lack of types of glassware available. All event-related deliveries to parliament are to be sent to Drop Point 32.
